SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking
- Adaptability
- Problem-Solving

TECH SKILLS

- Python
- Java
- Artificial Intelligence
- HTML, Css, JS
- Data Structures & Algorithms
- SQL, No SQL
- Machine Learning
- C++, Android

LANGUAGES

- English (Fluent)
- Tamil (Fluent)
- French (Basic)

PROFILE

Enthusiastic MSc Software Systems student with strong foundations in Java, Python, SQL, and Android development. Passionate about building scalable software solutions and exploring emerging technologies in AI and web development. Experienced in developing academic and project-based applications, with a solid understanding of programming logic, database management, and problem-solving techniques. Seeking opportunities as a Software Developer, Web Developer, or AI-focused role to apply technical skills and contribute to innovative projects while continuously enhancing expertise.

EDUCATION

Master of Software Systems (5yrs Integrated) 2023 - ongoing
Sri Krishna Arts and Science College | Bharathiyar University. ***GPA:*** 7.7 / 10.0

Trinity Matriculation Higher Secondary School 2021 - 2023
High School Certificate (HSC)
PERCENTAGE: 83%

PROJECTS

Automatic Garage Design using Blynk Cloud Platform AUG 2024 - SEPT 2024
Designed and developed an IoT-enabled smart garage system for remote monitoring and control via mobile application. Integrated Wi-Fi connectivity, cloud services, servo-based automation, and real-time security alerts to enhance safety and user convenience.
Technologies Used: *sensors,communication protocols,cloud services.*

Confident Talk Analyzer DEC 2025 - MAR 2026
Confident Talk Analyzer is a speech analysis system that evaluates a speaker's confidence level using voice input. It analyzes factors like tone, pace, fillers, and emotion to generate a confidence score with personalized feedback.
Technologies Used: *HTML, css, js, Python(Flask), Json.*

ACHIEVEMENTS & HACKATHONS

Recognized for academic excellence and an Event Coordinator of my College Department.

Participated in SIH 2025 and provided a solution for Tourist Safety in NorthEast region of India.

Won first prize for the best Entrepreneur in a Department event "Foundera" for my Sustainable RTI Goverment Idea.
